

RANGER SONG

We are Rangers true,
Under red, white and blue,
And we fight for the land we adore,
With our battle cry
Ringing through the sky,
Putting freedom on every shore,
When the Rangers come
There's no beat of a drum,
But the flash of a cold steel blade,
We fight! fight! fight!
For right! right! right!
Just another famous Ranger raid.

R - is for the Right that we all fight for,
A - is for the Action that we love,
N - is for the Nation we will die for,
G - is for our Guidance from above,
E - means we are always ever ready,
R - is that we realize we must win,
Put them all together they spell RANGERS,
A rarein' bunch of fighting
A rarein' bunch of fighting
A rarein' bunch of fighting men.
